SUMMARY

Motivated second-year Information Technology student at SLIATE with a strong interest in frontend, backend, and full-stack development. Passionate about learning and applying technical skills in real-world projects. Proactive, collaborative, and eager to contribute to innovative solutions through an internship opportunity.

PROJECTS UNDERTAKEN

- **phpMyAdmin Themes**

Tools & Technologies : CSS, SCSS

A collection of beautiful, handcrafted themes for phpMyAdmin (including NeoBrutalism and Supabase themes) — giving your database management interface a stunning modern look.

- **FileShare**

Tools & Technologies : Next.js 16, React 19, Typescript 5, Tailwind CSS 4, Radix UI, Lucid React, Sonner, Insforge

A full-stack web application that enables users to upload, store, and share files securely with end-to-end encryption

- **Free AI Image Generator**

Tools & Technologies : React, TypeScript, Vite, Tailwind CSS, Supabase, Clerk

An unlimited AI image generator powered by Pollinations AI, featuring customizable styles, aspect ratios, and Supabase integration for image history logging.

- **Stripe Payment Integration**

Tools & Technologies : Typescript, Javascript, Shell, HTML, CSS

A full-stack application demonstrating secure Stripe payment integration for digital products like PDF downloads

- **Grilli - Restaurant HTML Template**

Tools & Technologies : HTML, CSS, Javascript

A 1st-semester individual project. Grilli is an amazing and delicious restaurant HTML template featuring a modern design with menus, a chefs section, booking requests, and more.

- **Ubisoft Store Clone**

Tools & Technologies : HTML, CSS, Javascript

A frontend mockup/clone of the Ubisoft International Store. This static website replicates the look and feel of the official Ubisoft digital storefront, featuring detailed navigation menus, promotional banners, game catalogs, and responsive layouts.

EXPERIENCE

Computer operator trainee | Panadugama Samurdhi Bank, Panadugama 2021-01 - 2021-03

- Managed digital customer registration using the Samurdhi bank's online portal, ensuring data accuracy and secure information handling.
- Performed comprehensive data entry operations using Microsoft Word and Excel to organize and maintain critical bank records.
